EXPERIENCE THE EXTRAORDINARY
PERTH

The sunny capital of Western Australia is a vibrant cosmopolitan city, famous for its blue skies and long, white sandy beaches.

Located on the banks of the picturesque Swan River, Perth is alive with international events, festivals and a rich cultural history.

The city is a foodie’s wonderland, offering world-class dining and the delights of the region’s famous wineries and boutique breweries.

Before your charter aboard Motor Yacht Paradise, visit iconic locations like Cottesloe Beach, Kings Park, Elizabeth Quay, Hillarys Boat Harbour and the unique Rottnest Island.

Or start your luxury getaway with a touch of decadence at Crown Perth, followed by exclusive high-end shopping among King Street’s cobbled laneways and international fashion houses.

With incredible beaches and an outdoor lifestyle that’s the envy of the world, Perth is the perfect relaxed start to your Western Australian adventure.
ROTTNEST ISLAND

Rottnest is Western Australia’s island jewel, basking in the Indian Ocean 18 kilometres west of Fremantle.

Rated as an A-class reserve, the island is abundant with rich, unique wildlife and its waters teem with marine life. The beautiful turquoise waters provide the perfect playground for Paradise’s aquatic activities equipment. Spend your days diving, snorkelling, jet-skiing and fishing, or make your way to one of the island’s many secluded bays and private beaches.

Explore Rottnest on pushbikes, or spend some time in the historic centre to learn more of the island’s indigenous and colonial past – and keep an eye out for its most famous local resident, the quokka.

You can also experience Rottnest Island from the air, courtesy of Corsaire Aviation. Custom packages, tailored just for you, will showcase Western Australia’s amazing coastline and sights. Corsaire Aviation also offers exclusive scenic flights over sought-after destinations like Geographe Bay, Abrolhos Islands, Dirk Hartog Island, Exmouth, Coral Bay and Broome.
THE COASTLINE IS A MEDLEY OF NATURAL WONDERS, WITH ITS DRAMATIC CLIFFS, HIDDEN COVES, LIMESTONE CAVES AND SOME OF THE BEST SURF BREAKS IN THE WORLD.
MARGARET RIVER AND THE SOUTH WEST

The Margaret River region is famous for its combination of magnificent unspoiled beaches and world-class wineries, restaurants and craft breweries.

A holiday favourite for locals and visitors alike, it offers an unbeatable mix of beachside relaxation and luxurious indulgence. Margaret River’s wineries are famous worldwide, and their stunning vineyards in Western Australia’s unique landscape are an experience in themselves. Iconic wineries like Leeuwin Estate, Cullen Wines and Vasse Felix offer fine-dining restaurants, wine tastings, tours and cellar door sales. Leeuwin Estate also hosts the annual Leeuwin Concert Series, showcasing the best in Australian and international music against the impressive backdrop of the vineyard.

The Motor Yacht Paradise is a spectacular way to experience the natural beauty of Margaret River and Geographe Bay. The coastline is a medley of natural wonders, with its dramatic cliffs, hidden coves, limestone caves and some of the best surf breaks in the world. It’s also one of the best places in Australia to witness the annual whale migration, from June to November.
SPANNING A JAW-DROPPING 2.3 MILLION PROTECTED HECTARES, OF WHICH ROUGHLY 70 PER CENT ARE MARINE WATERS.
ABROLHOS ISLANDS

Steeped in rich maritime history, the Abrolhos Islands are an archipelago of 122 coral islands in the turquoise waters of the Indian Ocean.

Abundant with native wildlife, the Abrolhos Islands are the centre of Western Australia’s largest single fishery and the home of the western rock lobster. The archipelago’s unique and delicate ecosystem is protected with strict regulations, and no tourists are permitted to stay on the islands overnight.

The Abrolhos Islands offer a truly unique and very exclusive Paradise experience. The region’s pristine coral reefs are a marine wonderland for snorkelling and deep-sea fishing, and its crystal-clear waters are home to an astonishing array of marine life, including Australian sea lions, dolphins, whales and a staggering 389 distinct species of fish.

The Abrolhos’ Morning Reef is also the final resting place of the infamous 1629 wreck of the Dutch ship Batavia. Situated in only four to six meters of water with excellent visibility, the exclusive spot is perfect for divers of all abilities.
SHARK BAY

A world heritage site located in the Gascoyne region, Shark Bay is a marine treasure trove.

Spanning a jaw-dropping 2.3 million protected hectares, of which roughly 70 per cent are marine waters, Shark Bay is home to 10,000 dugongs, a huge population of bottlenose dolphins, migrating whales, green turtles and over 323 fish species, including many sharks and rays. The area also includes Dirk Hartog Island, Western Australia’s largest island, and Hamelin Pool, home to the prehistoric stromatolites.

Shark Bay’s landscape is famous for its unique geography, streaked with vibrant hues like the brush strokes of a painter. The rust-coloured cliffs, startlingly white sand and shimmering aqua water make for a spectacular view from the top deck of Paradise.
CORAL BAY, EXMOUTH AND THE MONTEBELLO ISLANDS

Like a string of jewels, these three locations are all connected by the Ningaloo Reef, Australia’s largest fringing coral reef.

A rich and diverse range of marine ecosystems thrives in the tropical and temperate waters, including the star attraction – the gentle giant of the ocean and the world’s biggest fish, the whale shark.

Every year from April to July, whale shark populations glide to the reef in search of plankton to feed on. This awe-inspiring natural phenomenon presents you with an unforgettable opportunity to snorkel alongside these remarkable marine creatures.

Widely regarded by anglers as Australia’s premier fishing destination, this region offers an astounding array of prized game and sport fish to reel in. With its sparkling, crystal clear water, the Ningaloo Reef offers some of Australia’s best snorkelling conditions, in one of the world’s most unspoiled marine environments. The Motor Yacht Paradise is also the perfect way to island hop the archipelago of Montebello Islands, a pristine marine haven of 174 islands. One thing you’re very unlikely to see is another human being – this remote sanctuary is so exclusive that you’ll almost certainly have it all to yourself.
BROOME

There’s nowhere else quite like Broome. A tropical oasis on the Kimberley coast, Broome is home to WA’s famous pearling industry and some of the most breathtaking landscapes in the world.

Nestled on a narrow strip of land, Broome is surrounded by the azure waters of the Indian Ocean on one side and the creeks, mangroves and mudflats of Roebuck Bay on the other. The town is a melting pot of cultures, thanks to the intriguing history of the pearling industry, which saw many Japanese, Chinese and Malay divers flock to Broome alongside the Indigenous and European populations.

The iconic Cable Beach is renowned for its striking sunsets and the endless horizon dotted with the silhouettes of camels ambling along the sandy shore. The highly prized South Sea pearls are an integral part of the Broome experience. The town’s historic artisan boutiques have been designing exquisite pearl jewellery for generations, and offer visitors the chance to take a precious memento away with them. Entirely captivating and utterly unique, the pearl capital of Australia is an unmissable addition to your Western Australian adventure.
THE KIMBERLEY

Wild, rugged and remote, the Kimberley region is undeniably Australia’s last frontier.

A landscape of vast proportions, alive with ancient legends and brimming with hidden treasures awaiting your discovery, this is true adventure-style travelling.

The Kimberley encompasses a staggering 423,517 square kilometres of pristine wilderness. The region is sparsely populated and boasts a breathtaking landscape that embodies the essence and extraordinary beauty of the untamed Australian outback.
